MAY BE INVITED  
(BULLETIN)

LONDON, July 26.—(INS)—Diplomats of the United States, Great Britain and France met in London today and are believed to have agreed upon a joint approach to Premier Stalin regarding settlement of the Berlin problem.

Informed circles indicated the approach will be an oral one. It is felt that the government in France rules out the possibility of joint or separate notes at the present time.

LONDON, July 26.—American, British and French diplomats conferred today on a joint approach to Russia which may take the form of a bid to a "Big Four" conference on Germany.

London diplomatic circles speculated that Premier Stalin may be invited to meet with President Truman, Prime Minister Attlee, and French Premier Marie to settle the current Berlin crisis.

The speculation grew out of the dispatch of State Department Counsellor Charles E. Bohlen to Europe. A close advisor of Secretary of State Marshall, Bohlen is an expert on Russian affairs.

Top-Ranking Envoys Present  
With Bohlen at today's parleys were two top-ranking American envoys, ambassador to Britain Lewis Douglas, and Ambassador to Russia Lieut. Gen. Walter Bedell Smith.

Ambassador Rene Massigli represented France, and Sir William Strang, foreign office German expert, represented Britain.

Foreign Secretary Ernest Bevin was busy attending a special session of the British cabinet on the Berlin situation this morning, but was expected to attend this afternoon's session of the western diplomats.

The British ambassador to Russia, Sir Maurice Drummond Peterson, home on leave, was scheduled to accompany Bevin.

And added importance was given to the current meetings when it was announced that Gen. Sir Brian Robertson, British commander in Germany, will fly to London tomorrow.

Bohlen arrived with two high-ranking U. S. ambassadors, Lewis Douglas, envoy to Britain, and Lieut. Gen. Walter Bedell Smith, ambassador to Moscow, in London (Continued on Page Two)

Pa News  
Observes

Pa News was rather surprised on Sunday afternoon to see a wartime amphibious jeep, carrying two passengers, go through the public square, travelling north at a good clip.

Traffic on the Perry Highway was reported as exceedingly heavy on Sunday. State police were busy keeping traffic moving at the intersection of the Butler Highway and the Perry Highway where work is in progress on the preliminary work for construction of an over-pass.

Extensive work is being done along the new highway route 422 west of the city and on the new road to New Wilmington, in seeding down and planting the berm, to keep them firm so that heavy rains will not wash them out.

Tension In Berlin  
Is Somewhat EasedBy OMER ANDERSON  
(L. N. S. Staff Correspondent)

BERLIN, July 26.—Tension in Soviet-blocked Berlin eased noticeably today after U. S. willingness to negotiate with the Russians was affirmed by Gen. Lucius D. Clay, American commander in Germany.

Clay, stressing that negotiations cannot take place "under duress" while the Russian blockade continues, indicated that the time is ripe for bargaining of concessions with the Soviet to settle the current crisis.

But, in an interview with U. S. newsmen, he repeated American determination to maintain a strong line until Russia gives way on lifting her virtual siege of the former German capital.

More Plans Being Sent  
He noted that more U. S. Air Force planes are being sent to Germany to help the blockade-running air-lift and that the French are building a new airport to add their

support to present western policy. Clay received correspondents last night after an important conference with top-ranking U. S. diplomats. Ambassador to Russia Lieut. Gen. Walter Bedell Smith flew in from Moscow, and Ambassador to Britain Lewis Douglas flew in from London for the meeting.

Also present was State Department Counsellor Charles E. Bohlen, expert on Russian affairs, who accompanied Clay back to Berlin from White House talks in Washington last week.

Clay indicated that negotiations for a settlement of the German problem cannot take place until some formula is found which will enable both the west and the Soviets to emerge from the present deadlock without loss of prestige.

But he implied that formula may consist in western concessions on currency reform to come simultaneously with Russian lifting of the blockade.

George Bernard Shaw  
Is 92 Years Old Today

LONDON, July 26.—(INS)—Playwright George Bernard Shaw, self-proclaimed one of the three wisest men alive — he says the others are Stalin and Einstein — is certainly one of the oldest.

The Dublin-born sage celebrated his 92nd birthday today.

The celebration consisted in his eating a slice of a huge birthday cake, encrusted with his favorite sugar icing.

But Shaw, who dislikes to be reminded that he is growing old, refused to engage in any festivities.

Truman Has No  
Proposals For  
Big Four Parley

(BULLETIN)

WASHINGTON, July 26.—(INS)—The White House said today that there have been no proposals for a "Big Four" meeting on Berlin and that President Truman has no intention of leaving the United States to confer with heads of other governments.

White House Secretary Charles G. Ross made the statement in commenting on speculation in London that Premier Stalin may be invited to meet with the President, Prime Minister Attlee and French Premier Marie.

Ross branded the reports as "speculative" and said that Mr. Truman's position on any meeting of the chiefs of state of the United States, Britain, Russia and France has not changed.

He reminded newsmen that the President, had on two occasions, three years ago invited Stalin to visit Washington, but that the Russian premier had turned down both invitations on the grounds that his doctors would not permit him to leave the Soviet Union.

RIMOUSKI, Que., July 26.—(INS)—A two-pronged investigation was launched today into the flaming crash of a vacation-bound Canadian DC-3 airliner in which 29 persons, mostly lumberjacks were killed.

Cause of the disaster, described as the worst in Canadian aviation history, was not determined immediately.

The Canadian government sent investigators to the scene of the crash in the Laurentian mountains, and the Rimouski airlines, owner of the ill-fated plane, pressed their own inquiry.

SUNDAY NIGHTBy JAMES L. KILGALLAN  
(L. N. S. Staff Correspondent)

PHILADELPHIA, July 26.—Henry A. Wallace made plans today for a "fighting campaign" that would take him across the nation as the new Progressive party's candidate for president.

Elmer A. Benson, former governor of Minnesota and the third party's newly-elected national chairman, said Wallace's campaign would get actively under way around September 1 and that he would travel "the length and breadth" of the United States in his search for votes.

To Invade South  
Both Wallace and the vice presidential nominee, Sen. Glen H. Taylor of Idaho, intend to invade the solid south in their campaigning.

Taylor even intends to return to Birmingham, Ala., where he ran into trouble when he attempted to attend a mixed gathering by going through an entrance set aside for Negroes only. He was arrested, freed on bail and warned not to return.

Benson will be assisted by two co-chairmen—Paul Robeson, Negro actor and singer, and Albert J. Fitzgerald of Lynn, Mass., president of the CIO United Electrical, Radio and Machine Workers.

Active direction of the Wallace-Taylor campaign will be in the hands of C. B. Baldwin of Bethesda, Md., the party's secretary.

Ellwood City  
Woman KilledAuto Crash On Route 488 In  
Perry Township Proves  
Fatal To Mrs. RoughAUTO OVERTURNS  
EARLY SUNDAY

Lawrence county's 22nd automobile fatality of the year was reported today by Coroner Charles E. Allen, the victim being Mrs. Betty Rough, aged 49 years, of 512 Seventh street, Ellwood City.

Mrs. Rough died in the Ellwood City hospital at 4:45 a. m. Sunday of a fractured skull and crushed chest, sustained an hour and a half earlier, when an auto driven by Clair Druschel, of Mt. Route 7, Ellwood City, overturned on route 488, a mile and a half from the Butler county line.

Forced Off Highway  
Druschel told State police and the coroner that he was forced off the highway by an approaching car, and when he attempted to get back onto the pavement, he lost control of his car, a new machine, which overturned, throwing Mrs. Rough out. She was evidently crushed as the car turned over.

Mrs. Rough and Druschel were taken to the hospital by Julius Iannantuono, and Philip Konyak, of Ellwood City. Others who were in their party were Lee Panico, Raymond Bettini, and Frank Biecar, of Ellwood City. Druschel did not require treatment, escaping uninjured.

Mrs. Rough was an employee of the Shenango Pottery company at New Castle. She leaves her husband, Harold Rough, a step-son, Harold L. Rough, U. S. Navy, and a brother, Joseph Thompson, of New Castle.

The body was taken to the Patton Funeral home, in Ellwood City, and funeral services will take place at 1:30 o'clock, Tuesday afternoon, from the funeral home.

No Trace Found  
Of Driver Who Left  
Notes In Auto Here

Search was made Saturday along the Shenango river and Neshannock creek for possible trace of V. D. Coulter, Ford City, R. D. 1, whose auto was found parked Saturday morning in an alley in the rear of the 100 block North Mercer street, without success.

Notes left in the car indicated the writer would attempt suicide. The car was parked here on July 20.

His wife, Mrs. Sara Coulter, with a son-in-law, W. H. Henderson, came to the city Sunday. The auto was given into Mrs. Coulter's custody.

Mrs. Coulter expressed doubt that her husband had committed suicide.

He has a brother residing in Akron.

## FLYING DISCS

## BACK IN NEWS

YAKIMA, Wash., July 26.—(INS)—Flying discs are back in the news today after an absence of 13 months.

The new spell of midsummer excitement had its inception in Washington's Yakima valley where a farmer, Peter Kroum, said he saw a "moon-sized" object traveling west over Punkin Center yesterday.

He notified a state patrolman who also reported seeing the object.

He notified a state patrolman who also reported seeing a "globe" going west against the wind twice during the day.

At Seattle, Albert Tanner saw a "white glass object" traveling south at a speed of "at least 800 miles an hour."

Pittsburgh Rackets  
Probe Is Ordered

PITTSBURGH, July 26.—(INS)—Judge Henry Eilenbogen today signed an order which will launch a grand jury investigation of charges that rackets are flourishing in Pittsburgh.

The order summons the June grand jurors into a special session tomorrow. Judge Eilenbogen will give them their instructions.

The judge was acting at the request of District Attorney William S. Rabauser, who said the first witness will be Al Florig, former city and county detective and now a private detective.

Counter-Action

Rail Shipments Of Soviet  
Goods In Anglo-Ameri-  
can Bizonia Are  
Banned  
(BULLETIN)

BERLIN, July 26.—(INS)—The U. S. Military Government issued a strict order today banning rail shipments of all Soviet goods through Anglo-American Bizonia.

This action, regarded as the first "economic sanction" against the Russian blockade of Berlin, was taken a short time after Gen. Lucius D. Clay, U. S. Military Governor, arrived in Frankfurt for consultations with West German government leaders.

Stop Traffic  
The order bans rail transport through Bizonia of all freight shipments originating in the Russian-controlled Eastern zone of Germany and destined for Western Europe.

The order also stops freight traffic bound for the Soviet zone from the West.

Goods still can be brought into Bizonia or taken out. The order, however, bans all shipments actually in transit through the joint Anglo-American zone either East or West.

The order does not apply to road and motor traffic. The amount of material moved by rail is very small but the action nevertheless is looked upon as the first definite measure in answer to the Soviet blockade.

Condition This  
Morning

Found terribly injured in the Lawrence Junction yards of the Pennsylvania Railroad company, this morning, a young man, who gave his name as Howard Hudson, aged 25 years, of Saginaw, Mich., is in the Jameson Memorial hospital with just a fighting chance to live.

Hudson told officials at the hospital that he is employed with the Cetlin-Wilson shows, which passed through here at midnight, and laid over in the yards until about 2 a. m. enroute to Youngstown. He stated that he and a buddy had been sleeping in one of the flat cars, carrying the show, on army cot. They had gotten off the train, and when they attempted to board it again, he was jostled off.

He was not found until around 9 o'clock this morning, when an ambulance was summoned and took him to the hospital. Examination there revealed he had suffered a broken back, and a crushed left foot, which was amputated at the hospital.

Mrs. Olive Miles, of R. D. 2, Harbor road, suffered a severe laceration of the forehead, which required 12 stitches to close, when she caught her foot on a stair pad and fell against a door, at the foot of the stairway, Saturday evening. She was treated at the Jameson Memorial hospital at 8:30 p. m.

Hershey To Learn Who  
Comes First In Draft

By GEORGE MOISE  
(L. N. S. Staff Correspondent)

WASHINGTON, July 26.—Selective Service Director Hershey plans today to consult house and senate armed services committees on what age groups he should take first in the new draft.

Selective service virtually is certain to take men 19 through 25 by age groups. The armed service committees reportedly favor taking men 25 first. So has the army, although nothing official has been said.

On the other hand Arthur M. Hill's national security resources board and some other civilian agencies are said to desire drafting young men first to save industry from manpower losses.

Advantage Pointed Out  
Hershey, who pointed out the

advantages of the 25-year draft last week, has refused to commit himself. He contends that as an administrator he does only what he is ordered.

But he will go to Capitol Hill to find out what those orders are likely to be. Technically his selective service system can decide, with White House approval, what it is to do. But the committees have the final say, even if it is unofficial.

Hershey explained the argument in favor of drafting the oldest men first when he pointed out that approximately 100,000 men a month passed their 26th birthday and thus became ineligible.

These men would be lost if not drafted while 25, while new reserves of eligible youths are continually passing their 19th birthday.

Washington Awaits

WASHINGTON, July 26.—While tension over the Berlin crisis appears lessened, Washington officials today awaited Russian reaction to the speeded airlift of food supplies for a hint of Soviet intentions.

First of the big C-54 transports authorized to pierce the Berlin blockade by doubling the pipeline capacity to 4,500 tons daily, are due in western Germany this week.

Avoid Countermove  
Their obvious ability to supply Germans in the western zones of Berlin at least to the point of preventing severe hardship is expected to call for some form of countermove.

Marie Seeks  
To Complete  
His Cabinet

PARIS, July 26.—(INS)—French Premier Andre Marie strove to complete his cabinet today while Gen. Charles DeGaulle predicted "important changes" in the structure of the French government will take place soon.

Marie's cabinet, which will reportedly include four ex-premiers, was described as a government of "strong men" but DeGaulle, in a speech at Nantes, contemptuously referred to it as another "sterile combination" of Center parties.

DeGaulle declared: "We will soon have the occasion to make the national will respected. I am today as convinced of what will happen shortly and of France's success, as I was with my comrades from 1940 to 1944."

His remarks excited speculation in Paris. Both DeGaulle's followers on the right, and Communists on the left are excluded from the government now being organized by the new premier.

Navy's Largest  
Plane Makes Trip  
Across Continent

PATUXENT RIVER Md., July 26.—(INS)—The Navy's largest plane, the 96-ton Lockheed Constellation, is scheduled to fly to New York this week before returning to California for further test flights.

The Constellation, largest plane ever to visit the East, landed at the Patuxent River Naval Air Station late yesterday after a ten-hour 2,600-mile flight from Moffett Field, Calif.

It was the first time that the 166-passenger transport, one of two built for the Navy at a cost of \$7 million dollars, had landed outside of California, although it already has made about 150 test flights.

Navy officials said the plane will be flown to Washington later in the week and then fly to New York before being returned to California.

NEW HAVEN, Conn., July 26.—(INS)—The case of Stephen J. Supina, who dropped a home-made bomb over the United Nations headquarters has been continued until tomorrow pending a psychiatrist's report.

The 36-year-old Air Force veteran, who was a B-17 gunner during the war, was examined in his cell yesterday by Dr. Roy L. Leak, former superintendent of the State hospital in Middletown.

Supina is being held in New Haven County Jail and will be arraigned on a fugitive from justice charge. Dr. Leak is expected to present his report at that time.

The former gunner, who was decorated several times for his sixty missions over Europe, declared he dropped the explosive from a small airplane to "wake up" the United Nations.

Truman prepares Congress speech

WASHINGTON, July 26.—(INS)—President Truman is back at the White House today following a weekend cruise during which he completed the message he will deliver in person tomorrow to the special session of Congress.

Mr. Truman used the presidential yacht, Williamsburg, as a refuge from outside distractions in order to devote the weekend to final preparation of the remarks he will make to the special session.

Aboard the yacht on the Potomac, the president met with members of his innermost staff and ground out the final draft of his 11-point program.

The presidential message, which he will deliver in person at 12:30 p. m. EDT Tuesday, will be topped by new and drastic recommendations for control of high prices and scarce goods and materials.

crashed in flames on a fog-blanketed mountain peak in eastern Quebec Saturday night.

The aircraft crashed several miles from its destination, the famed Gaspé Peninsula vacation land, after a 50-mile flight from Port Menier in Anticosti island in the St. Lawrence river, where the lumberjacks worked.

Among the victims were Emmett Maloney, a young lawyer, his wife, the former Odette Ouellette, daughter of the vice president of the airline, and their infant daughter.

The two crew members who perished in the holocaust were identified as Emerson Mills, Ontario, the pilot, and Ross Miles, a New Zealander, co-pilot.

Identification of the other dead was withheld pending notification of next of kin.

Rescue crews which reached the death scene early yesterday said all of the bodies were buried beyond recognition.

than the four-power meeting which British Foreign Secretary Bevin was reported to favor, namely a discussion on all outstanding problems between Russia and the west.

However, it is far more than the United States had wished to consider immediately. The official attitude was that a conference only on the Berlin problem should be undertaken at present.

Observers in Washington anticipated that it would be some time before a four-power meeting such as is envisaged now could be convened. Secretary of State Marshall is expected to insist that an agenda of matters to be discussed be set forth in detail before the conference meet.

## More B-29 Planes Going To Europe

WASHINGTON, July 20.—(INS)—The United States plans today to send more B-29 superfortresses to Europe as part of its "cold war" air offensive against Russia.

Exactly when or how many of the planes will be moved has not yet been decided, but unimpeachable sources said that the flights probably will be described as "routine training missions."

This language has been used to describe the recent flights of 30 B-29's to Germany and 60 to England.

Official comment on disclosure of the projected flights was simply:

"The air force has been sending B-29's to Europe for the last fifteen months on routine training missions, and nothing has developed to cancel the continuation of this program."

A air force spokesman said however, that the number of B-29s in Europe is considered small and added that transport planes must "turn the battle of Berlin."

## SPECIAL SESSION OF CONGRESS GETS UNDER WAY TODAY

(Continued from Page One)

"fight back" and tell the country before they adjourn that the Democratic policies are more responsible for inflation than is the 80th Congress.

Sen. Taft of Ohio, senator GOP policy chairman, and House Speaker Martin (R) Mass., conferred informally following their arrival but kept mum on what Republicans may do.

Following a House-Senate Republican leadership conference this morning, Taft's senate policy committee will meet this afternoon. At the same time, President Truman will confer with Democratic leaders at the White House.

Both Taft and Martin declined to comment on Democratic national chairman McGrath's call for the GOP to carry out its 1944 promises. McGrath said this would erase "a little of the stigma of it being the party which always promises but never performs."

Taft was definite on only one point. This was that Gov. Thomas E. Dewey's campaign manager, Herbert Brownell, Jr., would not attend today's Republican conference. Taft said he did not think Brownell "would want to."

Brownell nevertheless has been in contact with congressional leaders.

Party lieutenants made it clear there will be ample informal consultation with Dewey, their presidential candidate, on vital decisions.

Awake Message Speaker Martin said today's GOP meeting would be "preliminary" and that no legislative course would be set until after Mr. Truman's message has been delivered.

The president's list of special session objectives will put inflation and housing first, with the emphasis on price controls for basic commodities, meat rationing and allocation of scarce materials.

But it also is indicated that he will ask for a 300 million dollar federal aid to education program, a national health plan, broad civil rights legislation, a more liberal displaced persons bill, expanded social security coverage, a higher minimum wage, more public power projects, approval of the international wheat agreement, and authorization for the sixty-five million dollar loan to the United Nations.

The president is not expected to deal with the ticklish foreign situation at this time.

BIG FOUR PARLEY ON GERMANY MAY NOW BE SOUGHT

(Continued from Page One)

last night after a quick flight from Berlin.

Report On Washington Parley In Berlin, Bohlen and Gen. Lucius D. Clay, U. S. commander in Germany, passed on to Smith and Douglas the gist of last week's top-level Washington conferences on the East-West crisis.

Today, Bohlen, Douglas and Smith were scheduled to meet with Foreign Secretary Bevin and French diplomats for what may well be the most critical discussions of the Soviet blockade of Berlin.

The three powers will endeavor to unite in a common approach to end the blockade and ease the tension which has brought fear of a new war to Europe.

The common approach, it was thought in London's diplomatic quarters, may involve one of four means of negotiating an end to the dispute. They are:

(1). A meeting of Stalin, Truman, Attlee, and Bevin.

(2). A new meeting of the council of foreign ministers.

(3). A new note to the Soviet Union, indicating that mutual concessions might solve the present stalemate.

(4). Scrapping of the exchange of notes procedure, in favor of talks through diplomatic channels.

## Deaths Of The Day

Miss Ann Burgo, of 406 East Washington street, died this morning in the Jameson Memorial hospital at 1:20 o'clock, following an extended illness. She was 43 years of age.

Miss Burgo was born in New Castle, July 7, 1900, daughter of Leopold and Roseanna Fuglia Burgo, who survive her. She attended Alton school and also was graduated from the New Castle Senior high school. Born and raised here, Miss Burgo had a wide circle of friends and was well-known and liked by all who knew her. She was a faithful member of St. Vitus church.

In addition to her parents, Mr. and Mrs. Leopold Burgo, she leaves the following brothers and sisters: Mrs. Jennie Giancoli, Miss Genevieve Burgo, Gill, Lawrence, James, Raymond, Arthur, Forrest, Richard and Alfred Burgo, all of this city.

Also surviving are 12 nieces and nephews and one grand nephew. Friends may call anytime after 7 o'clock this evening at the DeCarbo funeral home, East Lutton at Cunningham. The family will meet friends from 2 to 5 and 7 to 10 o'clock.

A requiem mass in repose of her soul will be offered Thursday morning at 8:30 o'clock, in St. Vitus church. Burial will be in St. Vitus cemetery.

Mrs. Catherine Elieby, aged 76 years of 906 North Mercer street, died at her home Sunday at 1:50 p. m., following a long illness. She was the widow of Frederick Elieby.

Mrs. Elieby was born in East Brook street, Hickory township, July 27, 1872, daughter of Benjamin and Margaretta Weir Black. She lived here her life and was a member of the First Methodist church, and a charter member of the Current Events '66.

Children surviving are Mrs. Frank H. Robinson, and Miss Margaret Elieby, both of this city. She leaves two brothers, Benjamin Black of this city and Merle D. Black of Los Angeles, Calif., one grandchild, and one great-grandchild.

Funeral services will be Wednesday at 3 p. m. in the St. Joseph's mortuary, Highland at Winter. Rev. Paul E. Aley in charge. The family will receive friends at the mortuary tonight, 7 to 9 o'clock, and Tuesday, 2:30 to 4:30 and 7 to 9 o'clock.

Burial will be in Greenwood cemetery.

Mrs. Emma Opdyke Hull, aged 87 years, of 122 East Garfield avenue, died at the home of her daughter, Mrs. Harry Lee Rankin, Saturday at 4:10 o'clock, after an illness. She was the widow of William Worth Hull.

Mrs. Hull was born in West Carrollton, O., February 23, 1861, daughter of William and Amine Creigher Opdyke. She lived here for two years. Mrs. Hull was a member of the First Presbyterian church of Ambridge, Pa.

Two daughters survive: Mrs. Harry Lee Rankin and Mrs. Glenn R. Throop, and three grandchildren.

Funeral services will be conducted Tuesday at 1 p. m. in the Joseph B. Leyde mortuary, Highland at Winter. Rev. W. W. McKinney, D.D., pastor of Ambridge, Pa., in charge. Burial will be in Beaver cemetery, Beaver, Pa. The family will receive friends tonight, 7 to 9 o'clock, at the mortuary. (Please omit flowers).

Anton Miller, aged 71 years, of R. D. 2, Ellwood City, was found dead this morning at his home, having expired during the night, following an extended illness.

He was born in Austria and had been a resident of the Ellwood City district for the past 17 years. He leaves his wife, Berdie at home; one brother, Richard Miller of Cleveland, O., and two brothers in Europe.

He was a member of St. Agatha's church.

His body has been removed to the Patton funeral home in Ellwood City, where friends will be received after 4 o'clock Tuesday afternoon. Funeral arrangements are incomplete.

Mrs. Seamus Funeral services for the late Mrs. Rachel Seamus of 1610 Broadner avenue were conducted Saturday at

## CHRISTIAN CHURCH

### SCENE OF WEDDING

Before an altar backed with lighted candles in branched candelabra, palms and ferns in the First Christian church Saturday afternoon, July 24, at 2:30 o'clock Miss Nell Elizabeth Young, daughter of Mrs. Charles H. Young of 314 East Wallace avenue, became the bride of Henry Carl Herchenroether, Jr., son of Mr. and Mrs. H. C. Herchenroether of 1406 Thomson avenue, Pittsburgh.

Dr. Gershon S. Bennett, pastor of the church, officiated in the presence of an assemblage of guests.

The bride, escorted to the altar by her brother-in-law, Thomas V. Mansell of New Wilmington, wore a gown of white mousseline de soie, the skirt and bodice fashioned with long sleeves, a Peter Pan collar, and fastened with tiny covered buttons. Around the hips was a double tuck of the material above a full skirt ending in a long train. Her fingertip veil fell from a regent crown headdress of Shasta daisies and she carried a round bouquet of white carnations and baby's breath.

As maid of honor her sister, Miss Dorothy Young, wore a head-dress of the same flowers.

George H. Herchenroether served his brother as best man and usher were Dr. Thomas R. Ueber and Robert England, both of this city, and Ernest Vandale and Joseph Christie, both of Pittsburgh.

"Through the Years" and the Lord's Prayer were sung by Miss Marston Whieldon, soloist, accompanied at the organ by Mrs. Kathryn Neale Allen, who played a half-hour recital of music preceding the ceremony.

There was a reception for 150 guests at the home of the bride's mother immediately following the ceremony. Decorating the bride's table was an arrangement of yellow roses and white baby's breath and the floral mantelpiece was of mixed pastel flowers.

Aides were the Misses Janet Breckenman, Marston Whieldon, Donna Allen, Nancy Johnston and Suzanne Elder.

Mr. and Mrs. Herchenroether left by car on a wedding trip to an undisclosed destination and upon their return will be at home at 3640 Harrison street, Pittsburgh.

Mrs. Herchenroether is a graduate of Westminster college and a member of the Chi Omega sorority. She was until recently an accountant with the Owen-Scott company in Youngstown, O.

Mr. Herchenroether, also a graduate of Westminster college, is a member of Alpha Sigma Phi social fraternity and Phi Delta Phi law fraternity. He is enrolled at the University of Pittsburgh law school.

**Pandora Club**  
There will be a meeting of the Pandora club, Tuesday evening at 8 o'clock, at Cascade park for the Pandora club, with Mrs. Ralph Peluso and Mrs. Vito Colella as hostesses.

## ENGAGEMENT TOLD

### AT FAMILY DINNER

Mr. and Mrs. Robert M. King of 611 Croton avenue announce the engagement of their daughter, Betty Lou King, to Stanley Lysak, of R. D. 5, son of the late Mr. and Mrs. Andrew Lysak.

Announcement of the betrothal was made at a dinner Sunday evening in the King home.

Members of the immediate families were guests, including Tom Lysak, of Glendale, Calif., brother of the prospective groom, and Mr. and Mrs. Paul Richards were also present.

The wedding will take place in November.

## DIANA ELDER WILL

### BE AUGUST 5 BRIDE

August 5 is the date chosen by Miss Diana Elizabeth Elder, daughter of Mrs. Charles Voorhes Elder of 415 Chestnut street, for her wedding when she will become the bride of Philip Tinsley Hutcheson of Cookeville, Tenn.

The wedding will be solemnized at 3:30 o'clock in the afternoon in the First Christian church with Dr. G. S. Bennett officiating.

The bride-elect has asked her only sister, Miss Suzanne Voorhes Elder, to be her maid of honor, and her fiancé will have his brother, Ralph K. Hutcheson of Cookeville, Tenn., as best man.

**Blair-Clark**  
Miss Virginia Anne Blair, daughter of Mr. and Mrs. Paul W. Blair, R.D. 6, Butler road, became the bride of Richard E. Clark, son of Mr. and Mrs. Thomas Clark, of Volant, on the evening of July 22 at 7 o'clock, at the home of Rev. Charles Cochran, pastor of the Princeton Memorial church.

The bride wore a white tailored street length dress, with white accessories and a corsage of gardenias and red roses.

As matron of honor, Mrs. Fred Clark wore a pink street length dress with white accessories and a corsage of pink roses.

Fred Clark, brother of the groom, served as best man.

Following a brief reception at the bride's home, the couple left on a trip through the east, and upon their return will make their home in New Wilmington.

## BU-PI-GAR CLUB

Members of the Bu-Pi-Gar club gathered recently with Margie Colletta of Hamilton street. Mildred Felasco won the club token.

## Prosperity Will Keep High Level

Such Is Report Of U. S.  
Chamber Of Commerce  
As To Future Outlook

### OTHER NEWS OF NATIONAL AFFAIRS

WASHINGTON, July 25.—The United States Chamber of Commerce has taken a new look at the national economy and comes up with the report that the country is facing continued high level prosperity for the next six to twelve months.

The survey was made by Dr. Emerson Schmidt, director of the Chamber's economic research department, who was disturbed by the "almost unanimous opinion" of the members. He said:

"Such unanimity frequently precedes collapse, and is apt to intensify the boom for a spell and lead to further distortions in the price and wage structure."

Schmidt concedes, however, that "it would appear that the forces making for sustained prosperity are as strong today as at any time in our history."

### Thunderbolt Rated High

It hasn't gotten the headlines because the World War II Lockheed Shooting Star had a running start. But the Republic Thunderjet is the Air Force's jet "sweetheart" now.

Air Force chiefs are enthusiastic about the plane's controllability and outstanding ability. It has been learned that in all the hundreds of hours of flight testing only two pilots have been killed.

This is an unusually low cost in life in the testing of new warplanes, especially jets which still aren't fully understood.

of capturing control of the Senate. They would have to pick up four seats now held by Republicans. There are 18 GOP seats to be filled and the Democrats feel that if they can enter strong candidates in selected spots they may have an outside chance of winning.

With Senator Barkley as No. 2 man on the national list, the Democrats see a possible victory in Kentucky where Senator Cooper, Republican, is up for election.

**John Folly?**  
The government has a super-de luxe radio broadcasting studio of which it would like to be rid. Authorized by former Secretary of Interior Ickes, it is located on the top floor of the new Interior building.

It has red plush carpeted floors, elaborate balconies and thick plate glass enclosures. Commercial firms can't use it because it is federal property. And no government agency wants it.

The State department turned down suggestions that it be utilized for "Voice of America" broadcasts. These programs are sent from New York and San Francisco where foreign broadcast facilities are readily available.

**"Ted"**  
A former member of the New Jersey state legislature thinks that Thomas E. Dewey's initials are just as adaptable to headlines as the familiar F.D.R.

But, as far as he's concerned, "TED" is only the beginning. He's trying to convince some 1,000 editors that they should expand this to "Teddy."

His idea probably doesn't have much chance of catching, "TED" suggests "Teddy" all right. But that, in turn, suggests "Roosevelt". And that might lead to all kinds of confusion.

## Good Taste

### UNJUSTIFIED JEALOUSY

"My husband is 35 and we have been married for five years. I have developed a very suspicious, jealous nature. He really hasn't done much to cause my jealousy, but somehow I cannot overcome it. There is a 16-year-old girl who lives near us who seems to be very attractive to my husband. He makes a great fuss over her when she comes to call, which she does frequently. I feel that he then neglects me and gives all of his attention to her. She, too, addresses her remarks to him and ignores me. He denies that she means anything more to him than a little sister. Do you think I should go away for awhile to see if he misses me? Or do you think I should ask her not to come to my house? I suggested going to visit my sister in another city and he was angry because I mentioned it. What do you think I should do?"

**ANSWER**—Act like a grown woman instead of a child. Nothing is so disastrous to a marriage as unreasonable and unjustified jealousy. If you continue with yours, your husband will develop ideas and give you sufficient cause to be jealous.

It is abnormal for a mature man to have "desires" on a 16-year-old girl. Show this girl extreme friendliness and act as if you, too, were very fond of her. Join in the gaiety along with your husband. If she is growing fond of your husband, she should be protected from the development of this emotion and no one is in better position or has more reason for "nipping it in the bud" than you.

Don't sit back with a sulky look of disapproval and don't be silly enough to leave your husband because of jealousy over this child, especially since you both have discussed the matter and he assures you that you are wrong. If you go away, he may, through loneliness, seek her companionship or that of some other girl and that may spell doom to your marriage. You, as the wife, have the upper hand. So keep it.

If you find definitely that your husband and the girl are having an affair, do everything in your power to break it up. Reprimand her, forbid her to come to the house, call him to task. He is old enough to have better sense. She is still a silly adolescent who needs protection and guidance.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers inclosing a stamped addressed envelope.

### "STILL FIGHTING THE CIVIL WAR"

CHESTER, Pa., July 24.—(INS)—Editor Alfred G. Hill of the Chester Times believes the south is "still fighting the Civil War." Hill praised the American two-party system and said "we shouldn't be too much concerned about the carnival spirit of conventions because, like the fighting men of the nation, the delegates do their best work when they can find some fun in it."

He emphasized that the "Democrats realized their period of power is over while the Republicans are permeated with the spirit of victory."

Hill criticized many southerners regarding the Democratic platform plank covering civil rights and said "much of the solid south is still fighting the Civil War."

Spray poison ivy and ragweed with 2, 4-D. Set aside one spray gun for this chemical since any traces that get into other spray mixtures will injure good plants.

Keep the Freedom garden producing. Sow early varieties of lettuce again—Bibb, Imperial 44, Great Lakes—for late fall salads.

Keep vegetables not intended for storage picked as fast as they ripen. If green beans, lima and tomatoes are kept closely picked, they continue to bloom and bear for a longer period.

## Many Hear Colombia Missionary Sunday

Excellent Pictures Of Missionary Work In Central And South America Are Shown

In a vivid manner, Rev. William Lester, missionary to Colombia, South America, related by means of beautiful colored slide pictures and by word of mouth, the work of the Latin American Mission in Central and South America, Sunday evening in the Madison Avenue Christian church.

The meeting, which was well attended by members of the three ward churches, the Methodist, the Presbyterian and the Christian churches, was directed by Rev. Robert Smelser, pastor of the latter church. Following the inspirational song service, Rev. Lester presented his pictures with a brief discourse of Moses and the brazen serpent.

The pictures depicted work of the Mission in Costa Rica and then of Rev. Lester's work in Colombia, showing many of the primitive conditions there, but primarily of the interest of the Colombians for the Gospel. Many natives are being trained for future ministry work by the Latin American Mission, it was reported by Rev. Lester. The missionary, who is on a short furlough, with his family, will return soon to the land of their adoption.

## Report Of 1948 Cancer Drive Encouraging, Survey Reveals

Dr. Mary Baker Davis, president of the Lawrence County Unit, American Cancer Society, had a very encouraging report of the 1948 cancer campaign. The citizens of Lawrence County in their fight against cancer may be very proud to learn that the Lawrence County Unit was not only the first in the State to meet the quota, but has also exceeded their quota by well over half, making the total campaign funds received to date \$17,000.50. Twenty-five cents out of each dollar contributed is automatically earmarked for cancer research, under the guidance of the National Research Council.

The first drive for funds in Lawrence County was initiated in 1945 and during these succeeding four years, the Unit has achieved an enviable record of accomplishments. The funds so generously contributed have been used to supply two units of radium which are available, free of charge, to patients in any of the three hospitals in the County. Some of the money has been expended for the care of indigent patients; dressings and drugs have been furnished and a loan closet consisting of articles necessary for the care of cancer patients has been established.

**Furnish Speakers**  
The Lawrence County Medical Society and the Lawrence County Dental Society have generously given their time to speak on cancer to lay groups. These talks have been supplemented by excellent films furnished by the Cancer Society, together with cancer literature. This educational program is available, without charge, to any organization or club in Lawrence County.

In May 1947, a Cancer Information Center was opened at 23 E. North Street for the dissemination of cancer information and, in February 1948, working with the B.P.W. Club and the Winedona, a Cancer Detection program was inaugurated for the Lawrence County residents.

Through the cooperation of the Lawrence County Medical Society it is now possible for any apparently well person residing in Lawrence County to have a thorough physical examination, with special emphasis on cancer detection for a fee of \$5.00. These are the salient points in an all out effort to fight cancer, the second greatest killer of mankind.

With the additional funds available

side from the 1948 campaign, Lawrence County unit, American Cancer Society, is looking forward to a vastly enlarged program including an accelerated educational program through the medium of press, radio, meetings and exhibits.

One of the several new projects contemplated for the coming year is a visiting nurse service for cancer patients.

Dr. Mary Baker Davis, president and Mrs. J. W. McIlwraith, County Captain, wish to express their sincere thanks to Mrs. Blake H. Waldo and Mrs. J. Glenn Berry, who conducted the 1948 campaign so magnificently and to their co-workers who cooperated so efficiently. They also wish to express again the value to the citizens of Lawrence County of taking advantage of the Cancer Detection program in which Lawrence County is pioneering.

**SCARLATINA AND SCARLET FEVER**  
These two names mean the same thing. They are two names for the same disease.

Some people use the name Scarlatina for a mild case of Scarlet Fever.

The disease may be very severe or very mild.

Two children in a home may have it at the same time. One may be very sick with a high fever and bright red skin. The other child may not have a rash and the fever may be very slight.

The first child may recover quickly and completely.

The one who has the mild case may have many complications. He may have damage to the ears or the eyes or the heart or something else.

Scarlet Fever is always bad. A child who has Scarlet Fever should have medical care. The mild cases need it as much as the severe ones.

## Two From Here At Lions Convention

District Governor Arthur W. Meek and Henry Broad in New York

Two members of the New Castle Lions club are in New York for the opening sessions of the 31st annual International Lions Convention, which gets under way with a three-hour parade down Fifth Avenue, in the convention city, to-night.

The members of the local club attending are, Arthur W. Meek, who is district governor of District 14-F, and who is attending as a delegate from the district; and Henry Broad, president of the New Castle club.

The convention closes on Thursday.

## Life Guard Hurt In Cycle Crash

Herbert Stewart Suffers Broken Leg In Collision At Highland And Lincoln

Herbert Stewart, aged 19 years, son of Mr. and Mrs. Donald H. Stewart, of 130 Hillcrest avenue, suffered a fracture of the left leg and lacerations of the head, when his motorcycle, being driven south on Highland avenue, collided with an automobile at the intersection of Lincoln avenue, at 2:55 p. m., Saturday. He is undergoing treatment in the Jameson Memorial hospital.

The auto, being driven by Fredericka Scharf, of R. D. 3, Walmo, was turning west into Lincoln avenue, when the collision occurred, according to reports made to the police.

Young Stewart, a former high school grid star, has been serving as lifeguard at the Mercer street bathing pool, in Chesapeake creek.

## Interest Increases In Vesper Services

Grove City Minister Addresses Large Audience On First Christian Lawn Sunday Evening

Another large audience was in attendance Sunday evening in the fourth of the outdoor vesper services of the churches of the New Castle district on the lawn of the First Christian church on the diamond.

The attendees heard an excellent discourse on the Christian way of living given by Dr. A. P. Weaver, pastor of the Grace Methodist church of Grove City.

The speaker was introduced by Kenneth Gaston, leader of the service. Directing the song service was William McClelland, who was heard in two excellent vocal solos, entitled, "Come Ye Blessed" and "To Father Have Jesus".

Proceeding the service, Clarence England played a number of records over the public address system. The fifth in the series of outdoor services is planned for next Sunday evening.

## Grand Jury May Probe Rackets In Allegheny County

PITTSBURGH, July 26.—(INS)—Allegheny County District Attorney William S. Rahauer was expected to decide today if he will ask for a grand jury investigation into charges that rackets are being openly run in Pittsburgh with "full police and political protection".

Rahauer is due back from a curtailed vacation today. Pittsburgh's Mayor David L. Lawrence issued a statement over the weekend that he would "expedite" a grand jury probe by the district attorney.

she would face. My hope was that she would not have to be lonely too long and that eventually—the sooner the better—she would find another man upon whom she could bestow all the blessings she bestowed on me, and who would try as hard to make her happy as I have tried.

No, really, there is nothing terrible about death. Why worry about something that is unavoidable, that no physician, no scientist, no minister or priest will ever be able to do away with?

But since we must die, let us die bravely.

And let us not make our death a perpetual mortgage upon the living.

**PRAVDA DENOUNCED BELGRADE, July 26.—(INS)—**Yugoslav communists recalled their Soviet colleagues for the first time today with a bitter denunciation of Pravda, newspaper of the Russian Communist party.

The Yugoslavs, in their fifth party congress in Belgrade, voted a resolution which accused Pravda of "calumnies" and "falsehoods".

Hitherto they have attacked the cominform and some of its minor members—especially Yugoslavia. But they have carefully voiced praise of Stalin and everything about the Soviet Union.

Aroused by a Pravda dispatch which asserted that Premier Marshal Tito and his top aids were dominating the party congress by a campaign of "terror" and "arrests", the Yugoslav communists shouted their praise of "hero" Tito.

tion. Nevertheless, they have been giving to these people, forty-six per cent of its electric power forty-eight per cent of its radio-phones, thirty-nine per cent of its steel capacity, sixty per cent of its life insurance policies, eighty-five per cent of its automobiles and ninety-two per cent of its modern bathtubs.

That is not bad for a Capitalistic nation standing on the brink of collapse. Comparing our status with that of other nations—even including Capitalistic ones—it would be well to remember what was said in an address made a short time ago on the late Henry Ford:

"America's thirty million motor vehicles, in close formation, would go twice around the world. If necessary, every man, woman and child in America could get into these cars and ride on rubber at the same time. Thirty-four States of the Union each has more automobiles than all Russia. Seven States each have more than Great Britain, or France, or Italy, or Germany. California has more than Great Britain, France and Italy combined. Of trucks the United States has five times as many as Russia and fifty per cent more than the rest of the world combined."

**How Did We Get That Way?**  
How did we get that way? By free competitive enterprise. Russia outnumbers us more than fifty millions in population and has millions of square miles more area. It has perhaps greater natural resources, including tillable land, metals and minerals, potential power sources. Yet during its repeated five-year plans its gains in production, industrial and agricultural, have been insignificant although long hours of compulsory labor have been required of the masses.

Communist Russia has imitated Capitalistic America in drafting the brains and genius and skill of hundreds of thousands of German slave prisoners. It confers a gain when it sends spies up and down the United States trying to steal our secrets of military, naval and air research and to ferret out the mystery of the A-bomb. It's greatest tribute to Capitalism, however, was in the acceptance from this Capitalistic country of some twelve billions in lend-lease military and civilian materials with which it survived and came out winner in the war. The reason that Russian people have not been informed of our contributions is that it would impress them with the power of Capitalism.

It is possible that the continued spread of Communism in Europe will reach disastrously on our economy in just one particular. It will impoverish the people of the Soviet-controlled countries to the point where they will not be able to use our products. This loss of trade will be relatively insignificant, and the greater loser in the end will be the Communists themselves.

## Communist Labor Leaders Plan To Sabotage Industry

Rep. Hartley, Declares Communist Labor Leaders Plotting Sabotage If War Develops

WASHINGTON, July 26.—(INS)—Rep. Hartley, (R) N. J., declared that U. S. Communist labor leaders are plotting sabotage American industry in the event of war with Russia.

The chairman of the House Labor committee refused to elaborate on details of the information which he said he has received recently. Hartley said:

"I have received information that Communist labor leaders in this country have set up plans to sabotage industry in case war comes. I don't want to work up a war scare but these are the facts."

**To Probe Red Activities**  
Hartley made the disclosure as he announced that his committee will launch a series of hearings on Communist infiltration of labor unions during the extra session. Staff investigators have probed extensively on the operation of unions led by left-wing leaders in preparation for the hearings.

The New Jersey congressman said that the House group will begin hearings on August 4.

**Listed Three Unions**  
He listed three unions which will be spotlighted by the investigations which he initiated with a probe of the department store workers union in New York earlier this month. They are the United Electrical Workers, the National Maritime Union and the Fur and Leather Workers Union—all CIO organizations.

He also announced that the committee will act promptly upon the return of Congress to recommend contempt citations against nine officials of the department store union who refused to state whether they were members of the Communist party in the stormy New York hearings.

## Accused Man Prefers To Stay Behind Jail Bars

NEWARK, N. J., July 26.—(INS)—The scheduled hearing today of gum-faced P. James Pellicchia Jr., who is accused of embezzling \$257,000 from a Newark bank, was indefinitely postponed today.

Essex County Prosecutor Duane Minard said he was ready to recommend the prisoner be granted his freedom on \$10,000 bond, but for some reason the ex-judge preferred to remain in jail.

One reason for Pellicchia's decision to remain behind bars was the report that his family feared he may attempt to take his life. Another was that the former police judge feared to face the bookies he named.

Pellicchia faces 30 counts of embezzling the funds from the Columbia Trust Co. of Newark.

## Rayburn Appears To Be Renominated

DALLAS, Tex., July 26.—(INS)—House Minority Leader Sam Rayburn seemed assured today of renomination.

Nearly complete unofficial returns from Saturday's Democratic primary gave the 66-year-old congressman from the fourth district enough votes so that a runoff did not appear necessary.

Nomination on the Democratic ticket in Texas is tantamount to election in November.

A run-off seemed likely, however, in the senatorial race for the seat vacated by Sen. W. Lee O'Daniel, who is retiring.

Former Gov. Coke Stevenson led Rep. Lyndon Johnson by 67,208 votes, less than the majority needed for nomination.

Drive slow—children move fast.

## Murder, Suicide Case In Chicago

CHICAGO, July 26.—(INS)—An inquest was scheduled today in the murder and suicide of two 23-year-

old men which police believe was the result of the decision of one of them to move to another apartment.

The victims were Jack W. Elliott, an express company driver, and Floyd H. Altergott, a professional ballet dancer and office clerk. Elliott was found bound to

a chair and shot in the head in the apartment the two men shared. Altergott leaped to his death from the 23rd floor of the Allerton hotel.

In the United States women own nearly \$40,000,000,000 of life insurance, about one-fifth of all the life insurance in force in the country.

## Allergic To Work? Figures Reveal Sailors Have Snap

Sombody must have spent many hours of the Navy's time trying to figure out how little Navy personnel work. Reprinted here is an article gleaned from the "Carrier", NAS Alameda, Calif.

"You really don't work as hard as you think."

"Now look, there are 365 days in a year. You work eight hours a day, so you have two-thirds of the day off. Two-thirds of 365 is 244 days. That leaves only 121 days you have to work."

"Ordinarily you don't have to work on Sundays. That cuts out 52 days a year, leaving 69. Most men have at least 15 days leave a year, plus an average travel time of six days. That leaves only 48 days of work. Usually you get a 48 once in each of the 12 months. That's 24 more days off, and the total work days are cut to 24."

The average man manages to rate about six days special liberty during the year, so the total is brought down to 18 working days.

"Most Navy men spend an average of 10 days a year checking in, checking out, straightening out personal records, answering sick call, getting dental work done, seeing the chaplain, explaining those four hours AWOL to the skipper and cutting various forms of red tape. That leaves eight days a year in which to work."

"With the war over, you don't work on Christmas, New Year's, Thanksgiving, Washington's Birthday, Independence Day, Armistice Day or Memorial Day."

"So actually you don't work in the Navy at all."

**HOW TO STAY AWAKE**  
MEMPHIS, Tenn.—It's so quiet where night watchman J. W. Farrar works that you can almost hear the shavings fall. Farrar whistles to keep awake at a local power sub-station. He takes to work a bundle of cedar sticks to carve miniature reproductions for the day staff.

Old tin cans have been used in paving the bed of the Los Angeles river to keep the river from undercutting its banks.

Des Moines river, Iowa's chief river, is 550 miles long and drains an area of 14,500 square miles.

From Farmington to the mouth, it falls 48 feet, or one and three-fifths feet per mile.

## Anthony Ragnelli On Tour, Visits Vatican

GREAT LAKES, Ill., July 26.—Anthony D. Ragnelli, seaman apprentice, USN, son of Antonio Ragnelli of 817 West State street, New Castle, is now serving aboard the light cruiser the USS Huntington.

Recently Ragnelli made a two-day tour of Rome when the Huntington visited the Italian port of Naples. Of the interesting places visited the high spot was the Vatican, where crew members had an audience with Pope Pius XII, who presented them with medals as a personal gift.

Metal corrosion is estimated to cost industry in England about \$3,500,000,000 annually.

## New Draft Army Plans Being Made

Particular Attention Will Be Given To Morale Wholesome Recreation

By GEORGE MOORE (L. N. & Staff Correspondent)

WASHINGTON, July 26.—Gen. Jacob L. Devers, chief of the Army field forces, indicated that particular attention will be paid to morale and wholesome recreation in the new draft army.

Devers called the second major orientation and planning conference for training at Fort Knox, Ky., for Tuesday, Wednesday and Thursday. The meeting will be held at Fort Knox because that is the home of the Third Armored (training) division, which has been applying the lessons learned in the experimental universal military training units, also at the Kentucky post.

Among those expected to attend are Gen. Omar Bradley, chief of staff; Lt. Gen. Willard S. Paul, Army personnel and administration director; Maj. Gen. Harold R. Bull, acting director of organization and training; and Inspector General Maj. Gen. Louis A. Craig. In addition, commanding generals and chaplains from the major training divisions throughout the country will be present.

Tipoff in Training Presence of the chaplains is the tipoff on training plans. Chaplains never before were major consultants in training, but they played a major role in the UMT experimental units.

These units employed specially selected officers and non-commissioned men who were chosen for their ability to handle youth without the bluster, noise and frequent profanity formerly considered necessary for recruit indoctrination.

The Army considered the operations of the universal military training experimental units particularly successful in keeping trainees happy while out of the beer joints, Devers told Army commanders.

"The practical application of methods, procedures and policies developed in the UMTUE indicates that these methods, policies, and procedures are also applicable to units other than training divisions."

"The morale activities in particular will assume added importance in the expanded Army, especially as they pertain to men in the lower age brackets. It is desired that the principles mentioned above be extended to all units under your command insofar as local training and administrative situations permit."

ROME — New equipment and extensive repairs to the war-shattered power plants will soon bring Italy's electricity production near its highest pre-war peak. The National Association of Electricity Distributing Industries reported that in the first quarter of 1946, production of electric power reached 4,405 million kilowatt hours. In last year's corresponding period, production was 3,336 million KWH.

## East And West To Have Showdown In U. N. Assembly

LAKE SUCCESS, N. Y., July 26.—(INS)—The provisional agenda for the September meeting of the United Nations General Assembly in Paris revealed today that a showdown between east and west in the French capital is inevitable.

Publication of the list of 46 initial items contained on the program made it a foregone conclusion that Russia and the United States will spearhead the battle.

The test of strength between the two major international rivals is expected to disclose which of the two camps has won the stronger position in the 1946 "cold war."

Many Sore Spots Almost every sore-spot of east-west relations, some of them dating back to the end of World War II, is listed on the agenda. The battle between the two camps is expected to start the minute the assembly is called to order.

Although neither Palestine nor Berlin as yet are included on the program, there is every indication that both of these explosive problems will be placed before the session body.

Vital issues such as the veto, the international control of atomic energy, freedom of information, the Greek and Korean questions all await the assembly. Each has provoked bitter debates between the two world factions in the east.

The raters of the Palais de Chaillot, which will house the assembly, are sure to be shaken by violent actions and cutting words as east and west continue their attempt to gain prestige before a watching world.

## William Nesbitt Receives Discharge

Pfc. William L. Nesbitt, son of Mr. and Mrs. Elmer D. Nesbitt of 412 Northview avenue received his honorable discharge from the U. S. Army at Fort Riley, Kansas, on July 19.

Pfc. Nesbitt enlisted in the Army in January, 1947. He received his basic training at Fort Bragg, North Carolina, and was assigned to overseas duty in the Aleutian Islands, where he served for eight months. He then returned to Fort Riley, Kansas, during which time he took part in the largest peace time maneuvers since the war, at Camp Campbell, Kentucky.

## WORD RECEIVED FROM RALPH MORELLA, JR.

Word has been received here from Ralph Morella, Jr., a patient in the U. S. Naval hospital at Great Lakes, Ill., that he is feeling better and is "in good spirits."

Ralph, whose home is at 303 Taylor street, says that he finds life in a naval hospital to be not bad at all, thanks to the various forms of entertainment provided for the boys by Red Cross nurses.

All kinds of magazines and reading material are supplied, bingo games and shows are put on in the ward for the boys, and for those who can't, errands are run.

**Admits Shooting Wife Last December**

JEANETTE, Pa., July 26.—(INS)—Jeanette police said today that Franklin S. Robinson, 33, of Jeanette, has admitted shooting his former wife Frances, 25, last Dec. 5 and running away.

Robinson was captured Sunday when he returned home to "see my three-year-old son, Jon, again."

He had been hiding in Altoona since May 27.

The ex-army sergeant said he shot his divorced wife on a dark street with two shotgun blasts because "I was nervous and despondent. I couldn't see my boy enough."

The couple were married in March, 1945, while Robinson was still in the army. Mrs. Robinson filed for divorce last August, charging her husband beat her and would not support her and the child.

## United Machinists Will Meet Tonight

Machinists of the United Engineering and Foundry company will vote tonight upon the question of

settling the strike which has been in operation since June 3.

The meeting will be held at 7:30 in the auditorium of The Cathedral on Lincoln avenue, instead of in the dining room as first stated. All men on strike are urged to be present and record their wishes in the matter of the disposition of the strike.

Shop stewards are asked to be present at seven o'clock to identify the machinists as they enter and to pass out ballots at the door.

## North Dakota Man Named To Head Engineers

Next Convention Of 52nd Engineers Association To Be Held At Minot, North Dakota

Henry A. Goers of Minot, N. D., will head the 52nd Engineers Association RTC for the coming year. He was elected national commander Saturday, July 24 at the closing session of the convention held in The Castleton hotel. Minot was selected as the 1949 convention site.

With Mr. Goers, the following officers were elected: First Vice Commander, Ryder Jambrot of Bismarck, N. D.; Second Vice Com-

mander, J. J. Burns of Newark, N. J.; Third Vice Commander, Harry Melhorn, of Minneapolis, Minn., and Fourth Vice Commander, William Freese, Houston, Tex.

Annual Banquet  
The convention closed Saturday night with the annual banquet of the organization. R. M. Butler, retiring national commander, acted as toastmaster, with Jimmy Conroy, emceeing the entertainment. The following guests spoke: Lt. Col. J. F. Leaf, lifetime commander-in-chief of the organization and commander of the regiment with the AEF in 1918.

Lifetime Adjutant James A. Bell, Rev. Thomas J. Jones, County Commissioner Harvey B. Bush, Commander Henry Jordan of the VFW, Commander Isabel McKee of the Ladies Auxiliary Post 315, VFW, and Mrs. Joseph Walsh, commander of the Ladies Auxiliary VFW Post 572.

Adjutant James A. Bell, who has a lifetime job, was presented with a gift as was Mrs. Bell. The balance of the evening was spent in a social fashion in the "Dugout" of the hotel.

For many of the men present, the reunion was the first they had attended. This was true of Armistice Hart of Ishpeming, Mich., who was Lt. Col. Lee's orderly during World War I. They spent much time reliving the associations of 1918.

The 1949 convention, which will be the 10th affair for the organization goes far West for its meeting, the home of the new national commander, Minot, N. D., being selected.

The delegates and their wives, about 150 in all left Sunday for their homes.

President and Mrs. Rutherford B. Hayes were the first to celebrate a silver wedding anniversary in the White House.

### Plan Decision On Special Legislation To Halt Propaganda

WASHINGTON, July 25.—(INS)—The Senate Judiciary Committee is expected to decide this week whether to rush into the special session legislation to curb Communist propaganda spread by diplomatic and official visitors to United States.

The special subcommittee staff investigating immigration problems—particularly the activities of aliens holding United Nations visas—marked time today to await the arrival of Chairman Revercomb (R), W. Va., and other senators.

Also being awaited is testimony from central intelligence group about alleged subversive activities by aliens who came to United States ostensibly to visit or work for UN.

Subcommittee Staff Director Richard Arens said the intelligence agency is gathering material to furnish to the committee following the charge of Robert C. Alexander, State Department visa official, that some 200 "subversives" got into United States through the UN gateway. Expected to touch off a new line of controversy was the assertion by a State Department visa expert that he believes the Russian embassy itself is acting "improperly" by issuing a propaganda publication, "The USSR Bulletin."

### RED MITES DAMAGE EVERGREENS

Red-mite attacks on evergreens and some other foliage, reported severe in some places, can be controlled in several different ways.

The tiny spiders can be washed off bushes with the garden hose, or killed by spraying with one pound of wettable sulphur in 10 gallons of water, or dust with wettable sulphur or regular dusting sulphur.

Attacks by these juice-sucking insects turn evergreen needles a grayish bronze. Fine webs which they form become noticeable when laden with dew.

### Four Held For Cigaretts Theft

HARRISBURG, July 25.—(INS)—Four men were under arrest here in connection with a theft of \$500 worth of cigarettes from a New Cumberland firm.

Pellico said the theft gave them the first clue to suspected operations of a "ring" disposing of stolen goods.

Anthony Russ, 43, of Harrisburg, was held in \$5,000 bail for a hearing August 7 on charges of receiving stolen goods.

Three others charged with larceny were identified as Anthony P. Longo, 33, of New Cumberland; George O. Criswell, 23, of Marysville; and John L. Kirby, Jr., 21, of Lemoyne.

### MORAVIA

Those who attended the 4-H picnic at Grove City, Pa., were: Mrs. E. C. Kennedy, Mrs. Wilma McBride, Mrs. Velma Cunningham, Mrs. Evelyn Allen, Lucy Kennedy, Mary, Annabell and Margaret Reeber, Shirley Cunningham, Doris, Lois and Marylou Allen, Vera Clark, Barbara McKinney, Joann McBride, Margaret Mahoney, Norabelle Kelly, Peggy Cotton, Rhea Bentley, and Marjorie McCann.

On Aug. 8 at 10 o'clock the 4-H girls of Big Beaver will hold a Mothers and Daughters banquet in the dining room of the Moravia Presbyterian church.

Mr. and Mrs. William Logan of Danison, O., are visiting at the home of their son, W. C. Logan and family.

**"Why, it's quiet as a puppy on his pillow!"**

THAT'S the way one Buick owner puts it—and we think the picture is pretty pat.

Because you know what a perfect image of complete serenity a sleeping puppy makes.

Yet you know how instantly he comes to life, how quick and eager and ready for fun he is the moment you give the signal.

Now slip into one of these Buick beauties—and see how precisely the shoe fits.

Standing still—while you wait for a light, for instance—you hardly know your engine's running. All hum, drum and engine sensation seem magically wiped away.

Then you nudge the gas treadle, ever so little.

In an instant, eight eager cylinders take hold—and you swoosh away like a hare before hounds, leaving the whole pack trailing.

Now, it takes a couple of major engineering developments to make that combination possible.

First off, it takes plenty of lively, eager power. Fireball power, such as only Buick has, ready to squeeze the last bit of action from every drop of gas.

Then it takes something really new in the way of engine mountings. In this case, Hi-Poised engine mountings that literally rock vibration to sleep.

Technically, engineers tell us, it's a matter of controlling the frequency of vibrations to which all cars fall heir. It means cradling the power plant at scientifically determined points—and smothering vibration

build-up in fat pillows of specially compounded rubber.

The result? Well, it adds up to cyclonic power wrapped in velvet. Life—ginger—get-up-and-go—in a package that's being called the slickest thing on wheels.

Why not learn more about it—first hand? Your Buick dealer will do his best to oblige—and he'll take your order with or without a car to trade.

### Air Conditioning For Convention Hall Imperative

PHILADELPHIA, July 25.—(INS)—Torrid Convention Hall where three National Political parties have held nominating conventions this summer likely will be air-conditioned before the 1952 caucuses roll around.

In fact, it's a pretty sure bet that unless the sweltering auditorium is cooled off, Philadelphia stands to lose its proud title of "Convention City."

Republicans, Democrats and the Wallace Third-Party delegates out-

fered through steaming sessions in Convention Hall and more than one was heard to mutter bitter complaints about the lack of comfort provided in the huge auditorium.

At any rate, the Quaker City Council already is out to do something about the condition. President Fred Garman declared bluntly that air-conditioning is "vital" if Philadelphia is to even hope for return visits by the major parties in 1952.

The Hall's President, Edgar S. Mackay, wasn't quite as blunt about the heating in the building as Garman and many delegates. But he admitted that it wasn't the coolest place in the world.

There's only one obstacle in the path of air-conditioning Convention Hall—money. Experts figure it will involve expenditure of more than one million dollars to air-condition the big auditorium.

Spain's soil is so rich that 85 per cent of the total area is said to be productive.

Capetown—Graham's Union of South Africa is four times larger than England, Scotland, Ireland and Wales combined.

## Bus Overturns, 22 Girls Escape Serious Injury

YORK, Pa., July 26.—(INS)—Twenty-two young girl campers escaped serious injury when the bus in which they were riding overturned on the York road near Newburg, Pa. while on route from a nearby YMCA camp to York.

Fourteen girls were treated at York hospital for minor injuries, according to police. Most seriously injured were Denise Rothfeld, 16, Louis Parker, 14, and Shirley Anderson, 13, who suffered face and head lacerations.

Police said Lena E. Nizer, 31, of Little, a Red Cross official, was driving the bus to York to attend a radio broadcast when the bus, a converted ambulance, skidded and overturned.

## Baby Suffers Loss Of Fingers

Little William Frederick Anttila, aged two and a half years, son of Mr. and Mrs. William Anttila, of 1115 Dewey avenue, suffered the traumatic amputation of the tips of two fingers on his right hand, when his hand was caught in the blades of a lawn mower, early Saturday evening.

The little fellow was treated at the "Memorial" hospital at 8 p. m.

## South Side Church Has Annual Picnic

Members of the Bible School and congregation of the Central Christian church, East Long avenue, enjoyed their annual picnic on Saturday at Lakeview Park, with a large attendance.

A program of games took place at 4:30 o'clock, followed by the serving of the delicious picnic supper at 6:15 o'clock. The closing feature of the outing was the softball game between the married men and the single men with the former group emerging as winners.

Winners in the contests were: Primary, Sheradin Barber, Sandra Davis, Sue Phelps, Marjorie Phelps, Junior, Janet Moore, James Walker, Garnetta Reiter, Phyllis Hiles; adults, Celia Strobel, Mary Wilson, Mrs. Anna Gossney, John Paton, Mrs. Tom Phelps, Grace Weatherly, Clarence Fry, Mr. and Mrs. Steve Ciszler, Jr., George Bauman, Jr., and Mrs. Lewis Phelps.

**HOLLYWOOD, July 26.—(INS)**—Little Peggy Cummins will return to England all burned up with the treatment she received in Hollywood.

Peggy came over, was built to the stars for the role of "Amber," then set out. That was a blow from which the little Irish girl recovered because she didn't make the part would be such a good introduction to the American movie-goer.

But now that 20th Century has released her permanently she's grieved. Peggy says she did want to return to England to make a movie, but she had hoped Fox could do something besides for her.

That's another example of why Hollywood stars have to make hay while the sun shines. But it's not very bright these days.

Joan Crawford has a word of comfort for Peggy. Joan, Academy award winner a couple of years ago, recalls when Metro-Goldwyn Mayer didn't pick up her option because they said she had slipped.

## Death Toll Rises In Bus Tragedy

ST. PAUL, Minn., July 26.—(INS)—Death toll in the bus-truck collision near St. Paul Saturday rose to six when Stephen Lazar, 23, of Olyphant, Pa., died of injuries and burns today in St. Paul's Ancker hospital.

The bus was carrying members of the Duluth Dulles, a baseball team in the Class C Northern League. Four other members of the team were burned to death when the bus burst into flames after a head-on collision with a truck loaded with dry ice. The driver of the truck also was killed. Seven others were hurt critically.

A coroner's inquest into the accident was slated for today.

## Richard Black Is Eagle Scout

Highest Scout Award Is  
Given During Court Of  
Honor Saturday Night

#### OTHER AWARDS ARE ALSO MADE

At the Court of Honor which was held Saturday evening at the Boy Scout camp Richard Black of Troop No. 2, sponsored by the First United Presbyterian church, was awarded the Eagle Scout rank.

Richard entered scouting as a tenderfoot in February 1946 and has advanced through the various ranks of scouting during the past two and one-half years and has exhibited a very desirable characteristic toward the road of success. He has demonstrated his ability to stick to it and overcome the rough spots and go on to attain his objective. The award was made by Dan Carroll, member of the executive board, who assisted with the Court of Honor presentations.

Other Awards  
Second Class awards were presented by William Workman to Robert E. Wallace, John Streeter and Jack Sadler. Frank Sanders presented First Class awards to Leonard Babcock, Roger Hawk presented the Star Award to Dwight Fergus and John Lawson presented Merit badges to the following scouts:

Leo Badger, John Olney, Don Milnes, Edwin Milnes, James Schell, Jack Conner and James Criswell. Thomas G. Allen, scout executive, presented camper emblems to first, second and third year campers. These emblems are of different colors and are primarily developed to give recognition to scouts who attend camp one, two or three years. From experience during the past two years it is believed it will probably be necessary to develop an emblem to be presented for recognition for a four or more year camper.

Camp Nearing End  
This week will conclude the council summer camping period and a board of review will be held on Thursday evening, July 29 and then another Court of Honor on Friday evening, July 30.

There are still some vacancies for the Canadian canoe trip which will be held from August 12 to August 29. This trek is primarily for scouts who have attained the rank of First Class and are fifteen years of age.

## Sister M. Borgia Tendered Honor

Large Crowd Of Mothers And  
Children Offer Congratulations  
To Obstetric Supervisor

Sister Mary Borgia, supervisor of the obstetric department of the New Castle Hospital, honored on Sunday for her 25th year of service in the department, was visited by hundreds during an informal reception.

From 2 to 5 o'clock, Sister Borgia was in the receiving line and mothers who have been under Sister Borgia's care, in the years gone by and also recently, came with their children, some of them still infants, and toddlers and some of them now grown into young women.

Thrilling Day  
It was a thrilling day for Sister Borgia, who is always unobtrusive in her duties and work. She received many, many gifts and cards, not to mention the great number of floral bouquets that were sent to her by the physicians and friends. Telegrams were received from nurses who were assigned to duty under Sister Borgia's supervision, but who are now married and residing out of town.

Dainty refreshments were served the guests as they arrived. Roses and gladioli made up the bright summer floral bouquet which centered the table. Pouring were two of Sister Borgia's closest friends, Sister M. Martina, former director of nurses and hospital superintendent; and Sister M. Annunciata, supervisor of the third floor. Sister Lawrence Mary, director of nurses, had charge of the table arrangements.

Many of the local physicians attended to offer Sister Borgia congratulations of her 25 years of service. In addition to the hundreds that attended from here, there were a few from Pittsburgh, Sharon, Youngstown and Ellwood City.

Sister Borgia wishes to express her thanks to all who made such a glorious day for her possible her friends and especially the group of mothers who were under her care, and who sponsored the event, making it a grand success.

#### To Ask Bids For Completion Of City Hall

When council met in city hall today the solons authorized the city clerk, Jack Fritz, to advertise for bids for the completion of the new city building.

Contracts already have been awarded and work is being done on the ventilating, heating, plumbing work and superstructure.

Bids are too high for the completion of the building they will be rejected, council indicated.

Before Columbus, American Indians smoked cigarettes rolled in corn shucks, crude cigars and pipes.

#### With New Castle Afro-Americans

Members of the Matron's Club of Second Baptist church met Tuesday at the home of Mrs. Elden Byers, West Falls street. Plans were completed for the picnic on Tuesday with the matrons of St. Paul's Baptist church as special guests. The hostess served a very tasty luncheon, assisted by her sister, Mrs. Lucille Gray. The group will meet in two weeks.

The Rising Star Club met recently at the home of Mrs. Libby Clark, 212 Mahoning avenue. The hostess served dainty refreshments assisted by her daughter. The next meeting will be August 3 at the home of Mrs. Rachel Basley, 405 West Grant street.

Instead of meeting this evening, the Bible Band of Mahoning avenue will meet in the mission on Wednesday evening, July 22, at 8 o'clock. Mrs. E. Blackwell, president.

To BUILD the mighty Air Power that the American people want, your Air Force calls for volunteers.

The Air Force is a volunteer service today, and it will continue to be so. Its standards are high. Only the best type of American youth—mentally, morally and physically—can service and fly the planes now blazing new trails to peace and security.

If you are such a man, your Air Force offers you an exceptional career—with high pay, interesting work, chances for advancement and security that are seldom equaled.

Men who volunteer for 3, 4, 5 or 6 years will receive the world's finest aviation training. They will have the opportunity to become specialists in communications, jet propulsion, mechanics and dozens of other thrilling and valuable jobs. An Airman who qualifies for a technical grade can earn the equivalent of \$4000 to \$5000 a year in net civilian pay.

Under the new Selective Service Act, 15,000 18-year-olds within limited monthly quotas may volunteer for service in the Air Force for one year.

While it may be necessary to restrict general Air Force enlistments in coming months, there will be no restrictions on the re-enlistment of former airmen who apply within 90 days of the expiration of their current enlistment period.

Selective Service defers high school students until graduation, college students until the end of the school year. So finish your education and plan to come into the Air Force as a volunteer.

# VOLUNTEER for a CAREER in the AIR FORCE

#### Some of the choices open to volunteers:

**CHOICE OF THE AIR FORCE** is open to any young man, 18 to 34 (17 with parents' consent), who can measure up to Air Force standards and who volunteers for 3 years or more of service.

**THE AIR FORCE AVIATION CAREER PLAN** enables young men with high school education, or the equivalent, who enlist for 3 years to choose and qualify for the U. S. Air Force Specialist School that interests them most before enlisting.

**THE AVIATION CADET PROGRAM** allows any young man from 20 to 26½ years old who is single and has completed two years of college or the equivalent to sign up for the finest pilot training in the world, with a commission as 2nd Lieutenant in the Air Force Reserve upon successful completion of the course. Men who have been accepted for Aviation Cadet training may be deferred from induction under Selective Service for four months to assure their entry into pilot training.

**OFFICER CANDIDATE SCHOOL** is open to men with 2 years of college or the equivalent, 20½ to 26½, who demonstrate qualities of leadership. Those who successfully complete the training receive commissions as 2nd Lieutenants, Air Force Reserve.

**VETERANS OF THE ARMED FORCES** have special choices open to them in the Air Force, depending on their experience and the Military Occupational Specialties they hold.

Full information about these opportunities for volunteers can be secured at any Air Force Base or Army and Air Force Recruiting Station.

## Union Township Picnic Event At Park On Sunday

At Cascade Park, there was a large attendance of the residents and families of Union Township, at the second annual community picnic, on Sunday afternoon, July 25.

The gathering was an afternoon and evening event. Dinner was served in the grove about six o'clock, the committee furnishing the coffee and dessert.

Before and after the dinner, there were many sport events and contests for youngsters and oldsters. There were races for the young folks, the winners receiving splendid awards. Horseshoe pitching brought forth keen competition among the men, as did the egg throwing contests for the women.

A softball game between the married and single men provided much excitement and hilarity for the audience. Paul K. Smith was chairman of the committee of arrangements.

## Rev. Samuel Maxwell Makes Epworth Visit

Rev. Samuel Maxwell of Colorado Springs, Colo., who was pastor of Epworth Methodist church at the time the new church on East Washington street and Butler avenue, was erected, made a surprise visit to the congregation on Sunday, attending the morning service unannounced.

Rev. Maxwell, who is district superintendent of the Colorado district, south of Denver, is in the east on a vacation trip and has been visiting some of his former parishes.

The river Bistritz, which rises in the Carpathian mountains in Hungary and joins the Sereth just below Bakau, is called the Golden Bistritz because of the yellow or gold character of its sands.

## Operations At Plant Will End At Close Of Year

Operations at the New Castle plant of the National Panta company will terminate December 31, 1948, it was announced today.

Speaking for the management, Miss Vicki Seaton said today "operations of the New Castle plant, National Panta company, will terminate at the end of the year. All personnel has been asked to remain for the purpose of transfer to the Beaver Falls plant."

The National Panta company has been engaged in business here for about 16 years, operating in the plant owned by the Fisher Brothers on the Butler road, just outside the city limits.
